Managing Recall Notifications: Task Closure and Attachment Submission

OVERVIEW

The purpose of this document is to outline the steps for handling Recall Notifications by Recall Managers. It explains how to close tasks, attach supporting documentation, and ensure notifications are properly forwarded to Department Managers for review and action.

Audience

- Recall Managers

Recall Notification Email Distribution to Department Manager

Recall Managers will receive a notification email to be forwarded to Department Managers. A sample email is included below.

- Click **Recall Notice Number** hyperlink.

FYI: Tasks Created in the Facility MSQ for the Recall Notice Z-0825-2025 Require Resolution
