URGENT MEDICAL DEVICE CORRECTION NOTIFICATION

2nd Notification

Hemostatic Forceps

This letter is a follow-up to the original notification sent to you on 29JAN2025. Our records indicate that you have not responded to the original notification. Please submit the Product Recall Acknowledgement form as soon as possible through of the options list below:

- Fax to (610) 849-1197
- Email to recalls@bbraunusa.com

Dear Valued Customer:

The purpose of this letter is to inform you that Aesculap AG, manufacturer of Hemostatic Forceps, has notified Aesculap Inc. of a voluntary product correction for specific Hemostatic Forceps due to breakage of the device(s) when used in ways not covered by the design (e.g. clamping larger blood vessels or fixation of medical materials).

Affected Product and Distribution Information:

For a specific list of the impacted product codes which have been distributed since 01JAN2017 through 16JAN2025, please refer to Attachment 1. The depth of this voluntary correction is to the consumer (healthcare facility/hospital) level. This correction is being conducted with the knowledge of the United States Food & Drug Administration.

Reason for the Correction:

It was determined that the Hemostatic Forceps have been used in ways not covered by the design (e.g. clamping larger blood vessels or fixation of medical materials). The Hemostatic Forceps are designed to be used for the occlusion of small blood vessels due to the design and limits of the jaw opening.

Risk to Health:

To date, Aesculap AG has reported there have been 924 confirmed complaints related to the error pattern of "breakage" of the clamps. There has been one (1) report of serious injury due to blood loss and tissue damage during a mitral valve repair. If the device breaks, the blood vessels may not be occluded properly and/or parts may fall into the patient. Injuries including minor bleeding may occur. Depending on the medical procedure and condition of the patient, significant blood loss and need for medical intervention as well as long-term health consequences may occur.

Actions Required by Aesculap, Inc. Customer/User:

1. Review the Urgent Medical Device Correction Notification in its entirety. Ensure that all users in your organization of the products listed in Attachment 1, and other concerned persons, are informed about this voluntary product correction. Post this notification where the affected products are stored. If you are a distributor, please forward this correction notification to your customers. The correction is to be extended to the end user/customer level.
2. Determine your current inventory of the affected items. Comply with the following instructions:
 - a. Use the products identified (Hemostatic Forceps) for clamping of tissue and small vessels only.
 - b. Inspect the product(s) for end-of-life indicators prior to use, including signs of corrosion, cracks as well as deformation in the jaw area and loss of tension.
 - c. Visually inspect the product(s), it should be clean and free of any signs of corrosion and cracks. Check the joint and jaw in the open position from both sides (if needed, use magnification).

- d. Test the function of the device(s), including the jaw area, for deformation and loss of tension.
3. Return the completed "Urgent Medical Device Correction Acknowledgment Form" by faxing the form to (610) 849-1197 or e-mail to recalls@bbraunusa.com within two (2) weeks of receipt, even if the total inventory in your possession is zero (0).

Should you identify a problem or safety concern with the product, please report the event promptly by contacting our Postmarket Surveillance Department at 1-833-425-1464. Additionally, adverse reactions or quality problems experienced with the use of this product may be reported to the FDA's MedWatch Adverse Event Reporting program either online, by regular mail or by fax.

- Complete and submit the report [Online](#)¹
- Regular Mail or Fax: [Download form](#)² or call 1- 800-332-1088 to request a reporting form, then complete and return to the address on the pre-addressed form, or submit by fax to 1-800-FDA-0178

We apologize for the inconvenience that this issue may have caused you and your facility, and we appreciate your understanding of our commitment to assuring our products are safe and effective for both health care professionals and patients.

Sincerely,

Electronically signed by: Cynthia Bauer
Reason: For the reason(s) specified in the document.
Date: Apr 17, 2025 10:12 EDT

Urgent Medical Device Correction Acknowledgement Form

HEMOSTATIC FORCEPS

Potential for breakage when used outside of product design

Please complete and return this form by one of the below options:

Fax: (610) 849-1197 or Email recalls@bbraunusa.com

Metropolitan Hospital Ctr
1901 First Ave
NEW YORK, NY 10029
20063614

Completing and returning this form indicates you have read and understand the Urgent Medical Device Correction Notification. If you have further distributed these impacted materials, please forward the Urgent Medical Device Correction Notification Letter to your affected consignees.

PLEASE FULLY COMPLETE THE CUSTOMER INFORMATION BELOW:
